Columbus Con., Been Uneasy for Six Days-Iron Blossom Is Unchanged,

SALT LAKE, Oct. 8 .- Another raid was made on Columbus Consolidated this morning as the fitting close of a slim week for the local stock ex-change. During the past six days Columbus has been uneasy and irregular. This morning it was given another hand bump that sent it down to 31 cents, the lowest it has sold since the assessment. At that time it did not go below that price. During the session no less than 2,320 shares were disposed of.

Iron Blossom and Cedar Talisman were unchanged and there was no selling in Colorado. Nevada Hills remained at the usual price of \$2.35 and Silver King Coalition brought \$2.021/2. The total number of shares disposed of this morning amounted to 34,320 while the amount paid out for securi-

ties was \$5 986. The week's totals were extremely sllm. The total number of shares disposed of was 258,397, for which \$53,-369,60 was expended.

On the curb market there was considerable activity. It was not devoted to one stock, but three securities showed more than usual activity. In all, four unlisted stocks were traded

The sales on the curb market this morning were 1.000 shares of Alta Hecla at 7½ cents; 1,000 at 7; 3,000 at 8; 3.500 shares of Opex at 18½ cents; 200 at 19½, buyer 65 days; 2,500 shares of Bingham Copper at 20 cents; 7,250 at 19; 500 at 20, buyer 60 days; 100 shares of Daly at 75

Speculation Was at a Stand Still in the Stock Market Yesterday.

NEW YORK, Oct. 8.-Speculation was at a standstill in today's stock market. An immediate influence was the desire to see complexion of the bank statement, which did not appear until after the close of the market. Aside from the showing made by that document the general course of the money market makes for conservatism in speculative extension. The tranquility of the money market up to this time plainly is due to the self restraint of the speculative spir-it and it is believed that immunity from disturbance for the rest of the year can be assured only by persist-

ence in that policy.

The specialties continued to command the greatest share of attention in the day's trading. Strength in that class had some sympathetic effect in keeping the tone firm in the general

Another reduction in freight car Eurplus was taken as a sign of good

traffic conditions on the railroads. The slight increase in the surplus shown by the actual conditions of the banks was brought about by sharp curtailment of loans in order to cut down the deposit item sufficiently to outrun the shrinkage in reserve, the ed \$4,000,000 loss.
